

Why Outsource Billing and Collection?

Superior State provides your company with the ability to streamline the administrative function for Retire Billing and other Collection services, resulting in lower overhead for you, increased efficiency and improved services for you and your employees.

On a monthly basis (or otherwise determined frequency), we will mail each participant an invoice showing exactly what amount is due. Participants will make their checks payable to Superior State. SSES will collect all of the checks, and on a monthly basis, send a single payment to you the client or the various carriers for the collected payments. SSES also has the ability to automatically withdraw the monthly payment from the participant's bank account through electronic funds transfer (ACH).

Services Provided

- Billing and Collection of Premiums
- Remittance to Carriers or you the client
- Web Access for Employer and Participants
- Notification of Rate/Benefit Changes
- Late and/or Termination Notices
- Premiums accepted via Direct Debit or Check
